

Renewing books in Omni

To renew books in Omni for another 120 loan period, first sign into your account. You can do this in two ways.

You can sign in using the [My Account](#) link at the top of every Laurier Library web page.

Or, if you're already in Omni, you can use the [Sign in](#) link at the top of any Omni page. Then, once you've signed in through Omni, your name shows at the top of the page. Click on it to show the Account menu. From this menu, select [My Loans](#).

You'll see a list of the books you have borrowed. Check the box to select the ones you want to renew and then click [Renew](#).

There are no limits on the number of times you can renew a book, but you will need to return it if someone else requests it.
