

Search for videos in Omni

Start with an advanced search.

Under the resource type filter, select video/film.

Then enter your keyword(s) and search.

You can modify your search by availability.

Available online gets results for streaming video.

Available in the Laurier Library gets results for hard copies (e.g. DVDs).

To find videos after a simple keyword search:

- Under resource type, select videos.
- If you don't see videos, click show more.
- Videos will appear under active filters when you select this resource type.
